

VOCATIONAL TRAINING SERVICES

CASE STUDY

Name: Jessica Bull

Course: Early Years Practitioner Level 2 into Early Years Educator Level 3

VTS Tutor: Amy Grant

Jessica has completed her level 2 apprenticeship course with VTS and received her qualification results very quickly.

Jessica also found the assessment and our new sign-up process straight forward, saying “I have now moved onto my level 3, the sign up for my level 3 was really quick and I started straight after completing my EPA”.

We are pleased to hear that Jessica is enjoying her course and says “My work is uploaded to the learning assistant and my tutor talks through this every month, so I know what to do for that unit and for next month, such as observations. I am enjoying my level 3 and like finding out a lot more out about legislations and acts and how we follow these at the nursery”.

Jessica’s tutor, Amy, is very pleased with Jessica’s progress and says “Jessica is a fantastic student, she always uploads her work timely and conducts great research on her work, to ensure she is delving deeper into the knowledge and unit outcomes. Jessica always contacts me if she is struggling or needs extra advice/guidance. Jessica’s written work is completed to a great standard, and her frequent observations showcase the brilliant practitioner that she is....

Well Done, keep up the good work!”.
