

VOCATIONAL TRAINING SERVICES

CASE STUDY

Name: Amber O'Connell

Course: Early Years Educator Level 3

VTS Tutor: Aaron Hodges

Amber has worked in a local pre-school as a Nursery Practitioner for 8 months.

Amber says "I am lucky to have Aaron as my tutor, he has helped me through this course and has given me all the information I need or ask for. He makes the course fun and if I'm struggling, he helps and gives me extra time, so I'm not overloaded or panicking. This makes the course more enjoyable and helps me to achieve the qualification and not give up. I have gained more experience and knowledge within the career I would like to have once I get this qualification".

Aaron, Amber's tutor, joined VTS in March 2022 and loves sharing his knowledge and extensive background in early years. Aaron loves seeing his apprentices grow into successful practitioners and has really enjoyed working with Amber throughout her course.

Aaron says "Amber is interested in the early years sector and will ask questions if she is unsure. During our reviews, Amber is engaged with learning and makes notes so she can listen back to this. She will always contact me if she needs any further support or is unsure of the questions".
